NOTE: For years many two-year institutions were not included in the Higher Education General Information Survey (HEGIS) universe, so that for coverage purposes, headcount enrollment defined by the Alabama Department of Postsecondary Education were reported. With the establishment in 1986 of the Integrated Postsecondary Education Data System (IPEDS), ALL INSTITUTIONS will be covered. For consistency across higher education, headcounts for two-year colleges will be reported as defined under IPEDS. The counts differ by the exclusion of students not enrolled for degree/award credit.

SOURCE: ACHE Fall Credit Hour Production Reports.

* FTE (full-time equivalent) = Fall Undergraduate hours divided by 15, graduate-1 (master's level) level) hours divided by 12, and graduate-2 (doctoral level) hours divided by 9. The divisors 15, 12 and 9 are considered the standard credit course load taken by a full-time student at the undergraduate, master's and doctoral level respectively. Each first professional student is counted as one FTE. Includes health sciences and first professional students.

NOTE: Includes all students enrolled on-campus and off-campus.

ALABAMA COMMISSION ON HIGHER EDUCATION

The **Alabama Commission on Higher Education** was created by the Legislature in 1969 to coordinate public higher education in Alabama. The Commission is composed of 12 citizens who serve staggered nine-year terms. Ten members are appointed by the Governor, one by the Lieutenant Governor and one by the Speaker of the House.

The Commission is responsible for the overall statewide planning and coordination of higher education in Alabama, and for administering a variety of student aid programs. To assist in its work, the Commission employs a professional staff which aids the Commission with matters concerning academic programs and instruction, funding recommendations, data collection, student loan, grant and scholarship programs and coordinates programs dealing with minority affairs, governmental relations, public information and the agency's fiscal operations.

Additionally, the staff administers many other statewide programs related to economic development or education that have been assigned to the Commission. These include Alabama Universities-TVA Research Consortium (AUTRC); Alabama Eminent Scholars Program; Network of Alabama Academic Libraries (NAAL); Academic Common Market; Consortium for the Advancement of Foreign Language Education; Computer Competency Program; Experimental Program to Stimulate Competitive Research (EPSCoR); and Small Business Development Consortium.
